Management's Discussion & Analysis

Total revenue increased 4.2% year over year to \$3,651M, driven by growth across our core markets. Net income was \$360M, representing a net margin of 10%, and diluted EPS was \$2.94.

We continued to invest in talent and technology while maintaining operating discipline. Liquidity remained strong, and we returned capital to shareholders consistent with our long-term framework. We expect continued momentum in fiscal 2026, subject to the risks and uncertainties described under Risk Factors.
